RELEVANT TECHNICAL EXPERIENCE

MARATHON CHRISTMAS

FRONT-END WEB DEVELOPER   *NOVEMBER 2020 – PRESENT*

- Designed & developed a fan website for WPRB DJ Jon Solomon's annual 25-hour Christmas marathon.
    - **HTML, CSS**, & **JavaScript**.
- Created & deployed a listener chat room web app.
    - **Express.js**, **Socket.io**, & **Heroku.**
- Utilized Jon Solomon's Twitter feed & machine-learning to create Jon Solobot, a tweet-generating AI.
    - **Python** (Twint), **GPT-2**, & **Colaboratory**.
- Automated Jon Solobot's tweets.
    - **Twitter API** & **Google Sheets**.

COMPATIBLE CONNECTIONS

FRONT-END WEB DEVELOPER   *JANUARY 2018 – PRESENT*

- Re-designed & re-developed business' "legacy" identikit website.
    - **WordPress** & **WordPress plugins** (e.g. Elementor).
- Designed, developed, & maintained a customized, fully responsive "2.0" website.
    - **HTML**, **CSS**, **JavaScript**, **jQuery**, **Git**, & **Github**.
    - CSS-only implementations of an image / card gallery.
    - CSS-only implementation of a scrollable Grid "carousel" with CSS artwork & animations.
- Created / manipulated all images on 2.0 website & aligned them with site's brand identity.
    - **GIMP**.

DIGITAL OPERATIONS LEAD   *JANUARY 2019 – PRESENT*

- Lead head-to-toe rebrand of business' logo, digital assets, marketing materials, & client materials.
- Designed custom e-mail templates for scheduling & appointments.
    - **HTML** & **CSS**.
- Created, maintained, & audited a "database" to store business' critical data & digital assets.
    - **Google Drive**.
- Utilized third-party marketing & scheduling platforms to streamline & improve existing processes & more tightly integrate them into business' website.
    - **MailChimp** & **Calendly**.
- Designed social media graphics, posters, marketing materials, & other visual content.
    - **Canva** & **GIMP**.
- Automated regular site & database backups.
    - **WordPress Plugins** (i.e. BackupGuard) & **iTerm2** (i.e. cronjobs).
